PETITION UNDER 37 CFR 1.183 AND CONTINGENT NOTICE OF APPEAL

Commissioner for Patents P.O. Box 1450

Alexandria, VA 22313-1450

Dear Sir:

Further to Applicants' Supplemental Response filed on January 16, 2007,

Applicants hereby petition the Director to accept this Contingent Notice of Appeal (without fee)

in the above-identified application to prevent the application from becoming abandoned.

Applicants' Attorney, Thomas Presson, spoke with Examiner Kimnhung Nguyen on

February 9, 2007 to determine whether the Supplemental Amendment filed on January 16, 2007 placed the application in condition for allowance. The Supplemental Amendment was in response to a telephonic interview between Examiner Nguyen and Thomas Presson on October 30, 2006, in which the Examiner indicated that cancellation of claim 38 and amending the preamble to recite a computer-readable medium would place the application in condition for allowance.

Examiner Nguyen assured Applicants' Attorney that although the aboveidentified application was not on her docket that the application would not become abandoned
even though the six month date for response expires on February 9, 2007. In the event that the
Examiner is not correct, Applicants submit this Contingent Notice of Appeal and Petition under
37 CFR 1.183 to prevent the application from becoming abandoned.

Respectfully submitted,

FROMMER LAWRENCE & HAUG LLP
